# Filter every user from a single unified interface

Any device. Any browser. Any OS.

GoGuardian Admin is a multi-layered content filtering solution that works on any device, browser, or operating system. It will transform the way you manage your district's filters by providing a single, unified interface for guest, BYOD, and school-issued devices. Already trusted by over 10,000 schools, GoGuardian Admin provides full flexibility for your school's policies while drastically reducing time spent on configuration and maintenance.

And now GoGuardian Admin has powerful suicide prevention capabilities, designed to help you immediately start identifying those students who are most at risk. We're as passionate about keeping kids safe, on task, and engaged as you are.

Powerful Filtering Capabilities
Our advanced technology scans docs, mail, social, search, and web content.

NEW
Multi-Platform Support
Any device. Any browser. Any operating system.

NEW
Suicide Prevention Capabilities
Identify students who are most at risk of suicide with Beacon Starter.

Granular Reporting
Easily access usage and trends at the student and Org Unit levels.

NEW
Parent App
Give parents direct access to student online activity reports and filtering controls at home.

On and Off-Campus Filter
Set different rules based on time and device location.
