

Microsoft 365

Work anytime, anywhere, on any device with the same Office apps you've used for years, paired with the added benefits of the cloud.

“Microsoft 365 frees up a lot of our time and money to invest in growing and building our company.”

- Randy Clemons
Managing Director, Redwood Global

Move to the cloud?

If you're like most small businesses then chances are you've struggled with this issue—and with good reason. After all, you've got a lot to think about.

That's why we recommend Microsoft 365.

A Microsoft-hosted, cloud-based service, Microsoft 365 brings together familiar Office desktop applications with business-class email, shared calendars, instant messaging (IM), video conferencing, and file sharing.

Work better together, wherever you are.

Use Office across all devices – PCs, Macs, tablets, and smartphones – and connect your employees to the people, information, and content they need to improve productivity and transform collaboration.

Be more productive wherever you are

Office Apps

Stay up to date on any device with the latest versions of Word, Excel, PowerPoint, and more.

Email and calendaring

Connect with customers and coworkers using Outlook and Exchange.

Chat, calls, and meetings

Keep your team on the same page with chat, online meetings, and calling in Microsoft Teams.

Cloud Storage

Manage your files from anywhere with 1TB of OneDrive storage.

Don't drown in paperwork

Reduce Paperwork

Digitize manual and repetitive paper-based forms with Microsoft Forms.

Captured Insights

Create surveys, questionnaires, and polls to gather data and insights from employees and customers.

Easily convert tasks

Automate everyday business processes with Power Automate.

Works with existing apps

Access all your tools in one place with third-party app integrations in Microsoft Teams.

Protect what matters most

Cyberthreat defense

Protect against viruses, malware, phishing attempts, ransomware, spam, and other threats.

Keep data safe

Protect information from cybercriminals, unauthorized access, and accidental deletion.

Secure devices

Help keep your data safe, even when accessed on employees' personal devices.

Simplify IT management

Easily set up and manage users, devices, and data so you can focus on running your business.

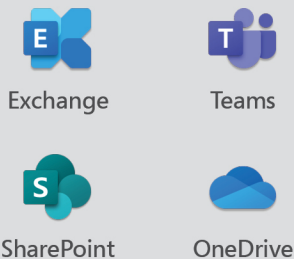

These Microsoft 365 Plans are Built for Small Businesses

Be more productive anywhere

What's included in Microsoft 365?

Familiar Office experience

You can now have Microsoft Office's leading productivity applications giving your business virtually anywhere access across your devices.

Document sharing and file storage

Most small businesses have limited space and must make the most of the resources they have on site. But with Microsoft 365, you have 1TB of space to use in the cloud to securely store documents.

Instant messaging and video conferencing

Connect your office with Microsoft Lync- a tool to connect within and outside your network. Presence, IM, voice, and HD video conferencing

- Real-time note taking and document sharing
- Conduct online meetings with customers and partners
- Connect with Skype contacts using presence, IM, and voice

Business-class email

Powered by Microsoft Exchange Online, you can access your emails, shared calendars, and contacts from your PC, Mac, phone, and browser- easy access anywhere, anytime.

- 25 GB user mailboxes with up to 25 MB attachments
- Easy to add users and set up email on your domain name
- Robust anti-spam and anti-malware
- Access your e-mail from any computer by logging into the easy online portal.
